

# PACIFIC MODEL UNITED NATIONS

## RESOLUTION FORMATTING GUIDE

Draft Resolution X.0 [X.0 will be replaced by revision number (i.e 1.0, 2.0, etc.)]

Committee: **Insert Here [no bold text]**

Topic: **Insert Here [no bold text]**

Sponsors: **List here, in Alphabetical Order [no bold text]**

Signatories: **List here, in Alphabetical Order [no bold text]**

[Sponsors have to vote “Yes” on your resolution. Signatories are in support but do not have to vote in favor.]

*The **Insert Committee Name**, [italics]*

[The following are **pre-ambulatory clauses**. These should show **WHY** you are taking action by referencing **past UN action and international action**.]

### **Formatting:**

- **Italicize the first word** of the pre-ambulatory clause (Check list for suggested words)
  - Formatting may change depending on the conference
- **End each pre-ambulatory clause with a COMMA**
- **Each pre-ambulatory clause should have an operative clause that matches with it (equal number of each)**

*Recalling* Security Council Resolution 1769 and all previous resolutions concerning the situation in Sudan, **[Use commas to separate pre-ambulatory clauses]**

*Recognizing* the past efforts of the AU and UN peacekeeping forces stationed in the Sudan for the promotion of peace and stability,

*Recognizing* the deteriorating situation as a humanitarian crisis,

*Reaffirming* that the continued presence of peacekeeping forces is necessary for the welfare of displaced peoples within Sudan,

*Realizing* that current troop deployments are not enough to maintain peace and stability within the Darfur region,

[The following are **operative clauses**. They explain **HOW** you are taking action. **BE SPECIFIC**.]

### **Formatting:**

- **Italicize** the first word of the operative clause (Check list for suggested words)
  - Formatting may change depending on the conference
- **End each operative clause with a SEMICOLON**
- **End resolution with a PERIOD**
- **Number the operative clauses**

- **Each operative clause should have a pre-ambulatory clause that matches with it (equal number of each)**

1. *Requests* that additional methods be implemented to promote peace in the Darfur region, including:
  - A. The protection of non-governmental aid organizations,
  - B. The inclusion of other international leaders outside of Sudan in peace talks;
2. *Requests* that the Security Council and the African Union authorize the deployment of more peacekeeping troops to Darfur; **[Use semicolons to separate operative clauses]**
3. *Urges* the fighting parties of Sudan to cease operations;
4. *Condemns* those who work against the security of the Darfur region and ultimately threaten the security of the international community;
5. *Requests* further aid be given to the displaced population, particularly women and children who are the most vulnerable in this conflict. **[End resolution with a period]**
